NSA PROJECT
CONSERVATION
PLANNING
PROGRAM

The Navajo Sustainable Agriculture Project (NSA Project) is a New Mexico Cooperative Extension Service (NM-CES) initiative delivered in collaboration with Dine College Land Grant Office (DC-LGO) and Community Outreach & Patient Empowerment (COPE) Program, and the San Juan, McKinley, and Cibola County Extension Offices. The project is funded by USDA's Outreach and Assistance for Socially Disadvantaged Farmers and Ranchers (OASDVFR) program
