Navajo Sustainable Agriculture Project

Conservation Planning Program

- A collaborative effort between NSA Project and Dine College Land Grant Office
- Assist producers in developing a basic Conservation Plan (CP) draft for their farm/ranch operation for submission to the Eastern or Northern BIA Agency Natural Resource Department. *FREE* of charge!
- Presentation for Grazing committees, Farm Boards, Chapter officials, and other organizations on the NSA/LGO Project's activities and services.

To request CP Assistance contact us at nsaproject@nmsu.edu

Project Partners: Project Lead:

Background

The Navajo Sustainable Agriculture (NSA Project) is a New Mexico Cooperative Extension Service (NM-CES) initiative delivered in collaboration with the Dine College Land Grant Office (DC-LGO) and Community Outreach & Patient Empowerment (COPE) Program, and the San Juan, McKinley, and Cibola County Extension Offices. The project is funded by USDAs Outreach and Assistance for Socially Disadvantaged Farmers and Ranchers and Veteran Farmers and Ranchers Program (OASDVFR). For more information, please visit our website at: www.nsa.nmsu.edu

Project Goals

- Improve the operations, profitability, and sustainability of socially disadvantaged Navajo farmers, ranchers, veteran farmers, and ranchers (Navajo SDFR&VFR).
- Increase producers' knowledge and use of USDA programs, services, and other resource providers.
- Increase the local production and consumption of fresh fruits and vegetables and healthy food by Navajo families and individuals.

Which of the following Workshops/Webinars would you like to attend?

- In front of the topic
- Livestock Management
- Farm Management Planning
- Rangeland Management
- Market Opportunities
 - Livestock
 - Farming
 - Value Added
- Backyard Gardening
